■ GIT

Anupa Manoj - Secretary

■ Shift technologies

Hassan Abdul Aziz Mohanna - Consultant

Marvin Constantino Solitario - Data Entry Operator

■ AWR Lumina

Thapan Mohan Melal - Quality Supervisor

AGREEMENTS MOVE FBI INTO NEW MARKETS

Federal Building Industries (FBI), part of A W Rostamani Industries, has signed two new distribution agreements and is set to sign a third as the company expands its product range.

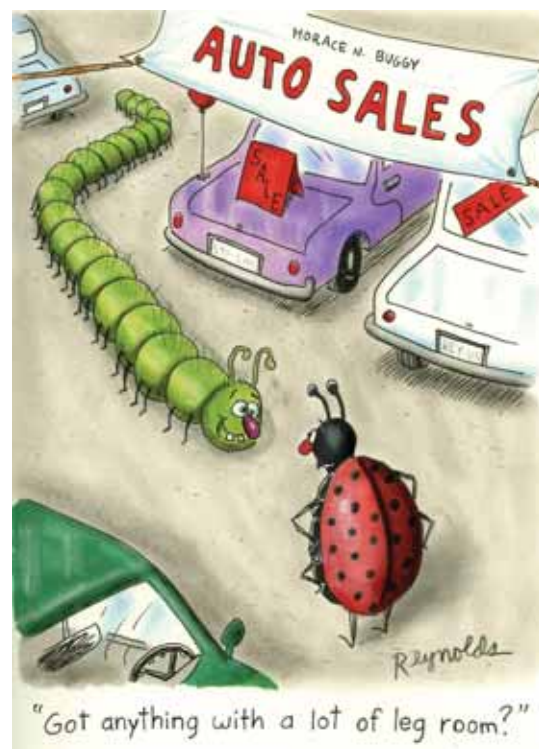

FBI has agreed to be the sole UAE distributor for Forbo, a Swiss based firm that specialises in linoleum and vinyl flooring, whose main customer in the region is expected to be hospitals.

Forbo employs almost 6,000 people and has an international network of 30 production companies with distribution, and about 40 sales organisations in a total of 33 countries. Forbo is headquartered in Baar in the canton of Zug, Switzerland and is listed on the SWX Swiss Exchange.

FBI has also signed an agreement to distribute Window Guard's security films and solar panels. This is a move that sees FBI helping to create the greener building. The window guards will help keep a building insulated and so more energy efficient.

A further agreement with Intact3000 is also set to be signed soon. Intact3000 is a Belgian company that develops and manufactures its own movable or retractable partitioning systems.

Emad Eldeen Khalid, CEO A W Rostamani Industries, said: "The agreements will see FBI as exclusive distributors of these products in the UAE and further enhances our strong position in this buoyant market."
